

Lane Regional Air Pollution Authority  
Minimal Source Air Contaminant Discharge Permit

## REVIEW REPORT

Truax Texaco Service Stn.

Permit No: 208276

### PERMITTING

#### Permitting Action

1. The permit is a new permit for a new soil remediation operation in Lane County.

#### Other Permits

2. Truax Harris has several other soil remediation permits with LRAPA..

#### Attainment Status

3. The source is located in an attainment area for all pollutants.

### SOURCE DESCRIPTION

#### Overview

4. The source operates a dual-phase extraction system in conjunction with an air stripping system to treat contaminated groundwater. Total annual VOC emissions are estimated to be less than 5 tons per year. Baseline Emissions were not set in the permit because the source is well below the Significant Emission Rates as listed in Title 38 of LRAPA's Rules and Regulations.

#### Process and Control Devices

5. Existing air contaminant sources at the facility consist of the following:
  - a. One (1) dual-phase extraction system.
  - b. One (1) shallow tray-type air stripping system.

### EMISSIONS

7. The pollutant of concern associated with this source type are VOCs. Emissions of VOCs are estimated to be less than 5 tons per year.

### MINIMAL PERMIT DETERMINATION

8. The Authority has determined that the source qualifies as a minimal source for the following reasons:
  - a. Emissions from this source are estimated to be less than 5 tons per year of particulate matter and less than 10 tons per year for the criteria gaseous pollutants.

## SPECIAL CONDITIONS

9. The facility is required to estimate total VOC emissions from the project at the end of the permit term.

## NESHAPS/MACT APPLICABILITY

10. There are no sources at this facility for which NESHAPS/MACT standards have been promulgated.

## NSPS APPLICABILITY

11. There are no sources at this facility for which NSPS standards have been promulgated.

## PUBLIC NOTICE

### Renewal

12. The draft permit will be placed on public notice from April 23, 2001 to May 23, 2001. Comments may be submitted during the 30-day comment period. If requested by ten (10) or more individuals or an individual representing a group of more than ten (10) individuals, there will be a public hearing following the comment period.

After the comment period and hearing (if requested), LRAPA will respond to comments received and then take final action to issue or deny the permit within 45 days of the close of the public comment or hearing period.
