

# LANE REGIONAL AIR PROTECTION AGENCY

## HOME WOOD HEATING CURTAILMENT PROGRAM 2018/2019

Even with an exemption, smoke levels are *always* limited to the city's *opacity limits*. Please make sure that the opacity levels of the smoke from your chimney or stack remains transparent and easy to see through. The smoke should be barely visible at the outlet of your chimney or stack when you are using dry wood and burning hot and clean.

**The Eugene and Springfield ordinances allows for up to 40% opacity, meaning it should be fairly easy to see through the smoke plume.** 100% opacity means the smoke plume is a solid color and one is unable to see through the plume. At 10% opacity one is able to barely detect smoke emissions. At 20% opacity a faint smoke plume would be identifiable. At 40% opacity a smoke plume is easily identifiable, but still transparent enough to see through the plume a contrasting background.

**Even when burning on a Red day with an exemption, you are expected to burn clean and not exceed the 40% limit.**

### EXEMPTION APPLICATION

This application is for an exemption from the prohibitions contained in the Lane Regional Air Protection Agency's Home Wood Heating Curtailment Program for the **Eugene-Springfield Urban Growth Area**.

Please complete this form to apply for the Exemption.

**NAME OF**
