FOR IMMEDIATE RELEASE

LRAPA Furlough Day: Office Closed Friday, August 19

Due to budget cuts, the Lane Regional Air Protection Agency (LRAPA) office will be closed on Friday, August 19. A reduction of funding from state and local sources has required the agency to take measures, including furlough days, to balance the budget. All staff will be taking an unpaid furlough day on Friday and other staff members will be taking additional unpaid furlough days. Over the next 10 months, three additional office closures will be required. The closures are not expected to disrupt services provided by the agency.
