

Lane Regional Air Protection Agency
LAND USE COMPATIBILITY STATEMENT
Basic and General Air Contaminant Discharge Permits, Registration

Who needs to complete this form?

If you are required to apply for an LRAPA *Basic* Air Contaminant Discharge Permit, be assigned to a *General* Air Contaminant Discharge Permit, or are opting for registration in lieu of permitting, you need to complete this form. **This form only applies to *Basic* and *General* Air Contaminant Discharge Permits and Registration.** Applicants for *Construction, Simple, or Standard* Air Contaminant Discharge Permits must complete LRAPA’s general Land Use Compatibility Statement form.

Why is this form required?

This form is required because LRAPA must determine whether issuing the permit you are applying for or approving your registration will be consistent with local government land use regulations. Oregon law requires that LRAPA permits be consistent with the local government’s acknowledged comprehensive plans and land use regulations. LRAPA documents this consistency with a Land Use Compatibility Statement as required by Oregon Revised Statutes 197.180 and LRAPA 34-036 (1) (p).

Where can I find this form?

A Land Use Compatibility Statement form is included in the *Basic* and *General* Air Contaminant Discharge Permit and Registration application approval packets. It can also be found on LRAPA’s website.

How to complete this form:

Step	Who Does It	What Happens
1	Applicant	Applicant completes Section 1 of this form and submits it to the appropriate city or county planning office.
2	City or County Planning Office	City or county planning office completes Section 2 of this form to indicate that the use is compatible with the acknowledged comprehensive plan and land use regulations, attaches written findings supporting the decision of compatibility, and returns the signed and dated form to the applicant.
