Re: Cleaner Air Oregon Emissions Inventory (CAO EI) Update – Approval of Second Deadline Extension

Dear Sarah France:

LRAPA has reviewed the letter received on July 30, 2021, requesting an extension of the deadline for submittal of the updated CAO EI, which was due on July 30, 2021. This updated CAO EI is meant to address the issues detailed in the letter sent to The Willamette Valley Company on June 28, 2021.

The proposed due date of August 18, 2021, has been approved by LRAPA, as the decision in our meeting on July 29, 2021, to update the method of emissions estimation for filling calculations will take considerable time to incorporate into the CAO EI.

Please let me know if you need any further information or assistance.

Sincerely,

Kathleen H Eagleson

Katie Eagleson, PE
Environmental Engineer
