PUBLIC INFORMATION – Travis Knudsen

On-Going

January was a busy and productive month for LRAPA's Public Affairs department.

Home Wood Heating season remains in full swing for LRAPA, fortunately an active weather pattern has prevented prolonged periods of inversion in both Eugene/Springfield and Oakridge. 1 "Yellow" HWH advisory was issued for the Eugene/Springfield area and 5 "Yellow" HWH advisories were issued for Oakridge over January.

LRAPA's Public Affairs coordinated with the Monitoring department throughout December on the process for determining yellow and red advisories in Lane County. Beginning in 2021, Public Affairs began sharing the responsibility of monitoring the forecast and issue HWH advisories dependent on current Air Quality levels and the forecast.

LRAPA worked with Oakridge partners and stakeholders, as well as utilized the "Oakridge Air" branding on social media, to increase community awareness of yellow advisories issued in Oakridge. LRAPA public affairs coordinated with Compliance Staff and external stakeholders, such as the Oakridge Police Department to strengthen communication and information channels regarding Yellow and Red day in Oakridge.

Public Affairs staff continue to work with the Oregon Department of Environmental Quality, Oregon Health Authority, local community members, and others to engage the community in meaningful ways. To answer and address concerns related elevated levels of dioxins collected in dirt samples along roadways in a neighborhood near J.H. Baxter & Co. The second community engagement meeting that involved members of the Bethel neighborhood took place at the end of January. More meetings will happen in preparation of a bigger public meeting in the late spring/early summer of 2021.

Work continues improving information to the public. LRAPA's public calendar has been modified to a better and easier to read format by using a google embedded calendar. LRAPA public affairs and monitoring departments are working with LCOG on to update our contract with CivicPlus and receive a website redesign in 2021.
